Personal Message from Janell Williams

I have been playing softball since I was 4 years old and I haven't stopped loving the game. I have played every position at some point and can still go in anywhere if we need the help. I am always ready to put the extra work in and stay longer if it means more reps. I have ran track and played soccer in previous years, so I naturally love running and I would say I am pretty fast. I am currently a sophomore at Snohomish High School with a GPA of 3.98. Education is very important to me and I have always wanted to do my best in school. I am in all AP and honors classes and enjoy the toughness, even if it means more work. Ever since I was young, I have always wanted to be a doctor because I love helping people. Whether I become a doctor or not, I know that my friends and family will always support my decision and stay by my side and I'm so thankful for that. Playing on an 18U Gold team as a 16 year old can be intimidating, but I am up for the challenge and the hard work that comes with it.
