- Club Leader of Skyridge Middle School's Special Education Inclusion club (2017)

## Personal Message from Kelci Carroll

I have been playing softball since I was five years old after I watched my older brothers play baseball my whole life. I know that errors are inevitable, and something I have learned throughout my softball career is that we always have to be ready for the next play. So as a team player I'm always cheering on my team no matter what, whether that's being loud in the dugout or calling out the next play on the field. My parents always taught my siblings and me that we should put our full effort into everything we do no matter what. I use this mentality both on the field and in school. Currently I am a sophomore at Kamiak High School. As a student athlete I know grades are very important, and last year I was able to maintain a 4.0 GPA this is something I am very proud of. I know that if I want to accomplish something I will have to work hard for it, and that mentality is what has shaped me into the person I am today.
